- ⦿ Generator AMF & ATS Panel
- ⦿ Power Factor Correction
- ⦿ Auto Changeover Panel
- ⦿ PLC Panels

A green excavator bucket is shown in the process of dumping a large amount of brown soil or sand into the air. The bucket is positioned at the top center of the frame, with its teeth pointing downwards. A thick plume of soil is falling from the bucket, creating a dynamic, textured column. The background is a bright blue sky with scattered white clouds. In the lower-left corner, the cab of the excavator is visible, showing a person inside. The overall scene conveys a sense of active construction or earthmoving work.

Civil Work

- House & Building Construction
- Tiles & Marble Installation
